Method TIMES = THE MOMENT IN THE VIDEO

1. Cut the butter and cream cheese into pieces, measure out the cheddar, dice the onion, mince the garlic and chop the broccoli (stems included) very finely. 0:39
2. Melt the butter in a large pot over medium-high heat and cook the onion and garlic until soft and fragrant. 2:13
3. Pour in the bone broth, add the broccoli and turn the heat to high to bring it to the boil. 2:41
4. Stir in the cream cheese and cream until smooth, then bring back to the boil. 3:11
5. Add the cheddar a handful at a time, stirring until melted, then lower the heat and simmer for a few minutes until thickened. 3:29

> **Tip** For a thicker soup, whisk in 1/4 tsp xanthan gum while it simmers. Keeps 3–4 days in the fridge; reheat gently so the cheese doesn't split.

The method is a summary in our words — the video shows every step.
