Method TIMES = THE MOMENT IN THE VIDEO

1. Put the mascarpone, heavy cream and vanilla stevia drops in a large bowl and beat with a hand mixer until thick and creamy — stop before it turns grainy. 1:26
2. Dice the strawberries and drop a spoonful into the bottom of each small glass or dish. 3:41
3. Spoon the mousse into a piping bag (or a zip-lock bag with the corner snipped) and pipe it over the strawberries in layers. 4:42
4. Finish each glass with a few blueberries. Serve straight away or cover and chill until needed. 5:44

> **Tip** No mascarpone? The cook suggests 8 oz cream cheese with a little extra cream. Covered, the mousse keeps in the fridge for about a week. Larger cups make about 4 serves.
