## Method TIMES = THE MOMENT IN THE VIDEO

1. Put the goat meat, cut into small bite-size pieces, in a pot and season it with the stock cubes and salt. 1:49
2. Blend most of the scotch bonnets with the onion, a splash of water and the Cameroon pepper (if using) until smooth. Keep one pepper back to dice later. 2:03
3. Pour the pepper and onion blend over the meat without adding water, mix, cover and cook for 15–20 minutes so the pepper works into the meat. 2:40
4. If your crayfish is whole, blend it to a fine powder. 3:16
5. Stir in the pepper soup spice and ground crayfish, add water to cover, and simmer on medium heat for another 10–15 minutes, until the goat is tender. 3:50
6. Dice the reserved scotch bonnet (seeds out for less heat) and add it with the oil, if using, and a little more water if you like a thinner soup. 5:14
7. Chop the scent leaf just before it goes in, stir it through and simmer 5 more minutes. Serve hot. 6:14

> **Tip** Serves about 5 (the cook doesn't say). It's salty and very hot as made: use one stock cube, taste before adding salt, and start with fewer scotch bonnets. Pepper soup spice and ground crayfish are sold in African grocers.

The method is a summary in our words — the video shows every step.
