Avocado and coconut oil make it creamy and filling instead of banana, so it has only about 5 g net carbs and no added sugar, with about 12 g of protein (mostly from the collagen) and 8 g of fibre.

Method

TIMES = THE MOMENT IN THE VIDEO

1. Put ½ cup raspberries and 2 oz avocado in a blender. The avocado replaces banana here: it makes the smoothie thick and creamy without the sugar. 0:42
2. Add 1 cup ice, 2 tbsp sugar-free sweetener (or leave it out), 1 scoop collagen powder, 1 tbsp coconut oil and a pinch of salt. 1:13
3. Pour in ½ cup unsweetened nut milk and ½ cup water and blend until completely smooth. Pour into a tall glass and drink straight away. 1:31

> **Tip** Collagen is optional; unflavoured whey works too. Use any unsweetened nut milk. Frozen raspberries make it thicker, so use a little less ice.

The method is a summary in our words — the video shows every step.
