Each bowl has about 40 g of protein and over 4 g of omega-3 fats from the salmon, plus vitamin C from the bok choy. The sauce is salty and adds about 10 g of sugar per bowl.

Diet notes: Gluten-free with a swap: Use tamari in place of both soy sauces and check the mirin label.

Method TIMES = THE MOMENT IN THE VIDEO

1. Cut the salmon into large, even chunks (or keep five whole fillets) and toss with the cornflour and a little salt. 0:14
2. For the teriyaki, put both soy sauces, the sake, mirin and sugar in a small pan. Bring to the boil, then simmer on low for 5 minutes. 1:20
3. Put the rice, 2 cups cold water, lime leaves and a pinch of salt in a saucepan. Bring to the boil, cover and cook on low 12 minutes, then rest off the heat with the lid on for 8 minutes. Remove the leaves and fluff. 2:05
4. Heat 1 tbsp oil in a pan and sauté the bok choy stems with a pinch of salt for 3–4 minutes. Add the leaves, garlic and ginger for 1 minute, then take off the heat and stir in the sesame oil. 2:41
5. Heat 1½ tbsp oil in a large pan over high heat and gently brown the salmon for about 2 minutes. Pour in the teriyaki and bubble 1–2 minutes until thick and glossy, turning the pieces carefully. 3:53
6. Divide the rice, greens and salmon between five containers and top with spring onion. 5:43

> **Tip** Cool 20 minutes before sealing. Keeps 4 days in the fridge or 3 months in the freezer; reheat in the microwave or a pan. He says vegetable or olive oil can replace the peanut oil, and broccoli and carrots the bok choy.
