Carnivore · Gluten-free ingredients · Dairy-free · Nut-free

Just beef, eggs, salt and pepper, with no breadcrumbs or fillers. A serve gives about 32 g of protein, more than a day's vitamin B12 and about two-thirds of a day's zinc.

Diet notes: Low carb (0.6 g net carbs) but not keto: 59% of the energy is from fat, and keto meals get about 60% or more.

Method TIMES = THE MOMENT IN THE VIDEO

1. Heat the oven to 350°F. Put 2 lb ground beef in a large bowl; a fattier mince such as 80/20 keeps the meatballs juicy and helps them hold together. 1:06
2. Season with 1 tbsp coarse salt and 1 tbsp coarse pepper. This is your only chance to get seasoning inside the meatballs. 1:30
3. Whisk the 2 eggs, add them to the beef and mix gently with your hands until just combined, without overworking the meat. 2:08
4. Scoop into balls of about 1½ tablespoons each (a cookie scoop helps) and space them out on a lined baking tray. 4:05
5. Bake about 30 minutes until golden and cooked through. Let them cool for a minute before serving. 4:48

> **Tip** Serves 6 (the cook's written recipe). That is generous seasoning; with fine salt, start with about 2 tsp. Baked meatballs freeze well; reheat in the oven or air fryer.

The method is a summary in our words — the video shows every step.
